

Dear Photo Friends,

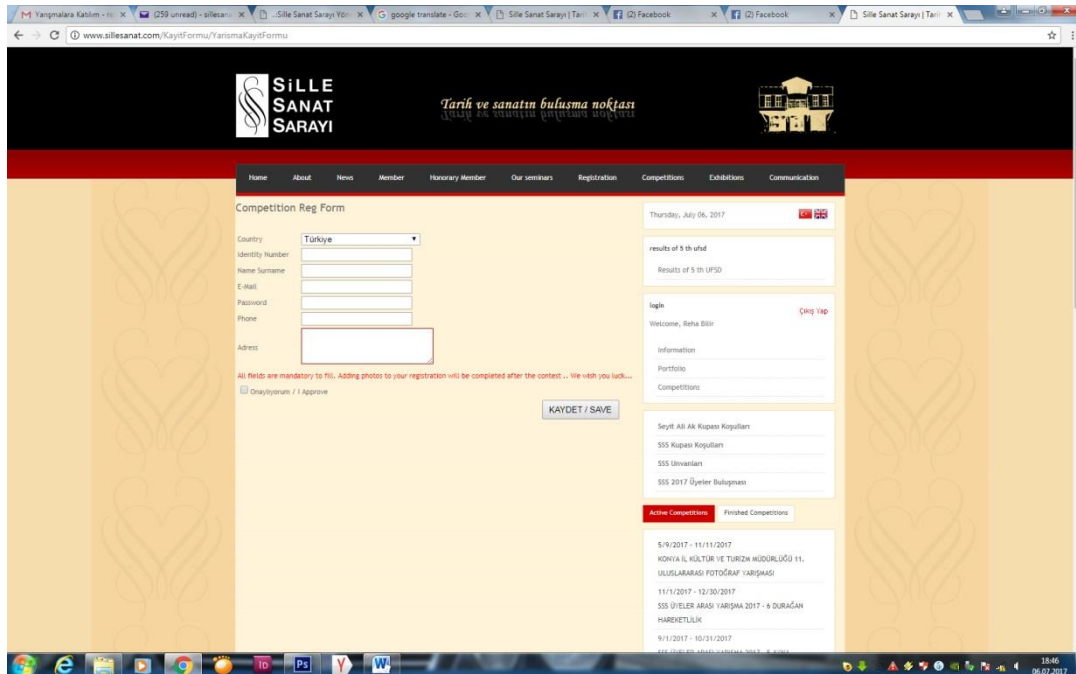

You can follow the road map below to make sure that our changes to participate in the contest do not cause any confusion.

First you have to login with your e-mail address and password in the "Member Login" section at www.sillesanat.com. (You may have forgotten your password, please let us know if it's forgotten.)

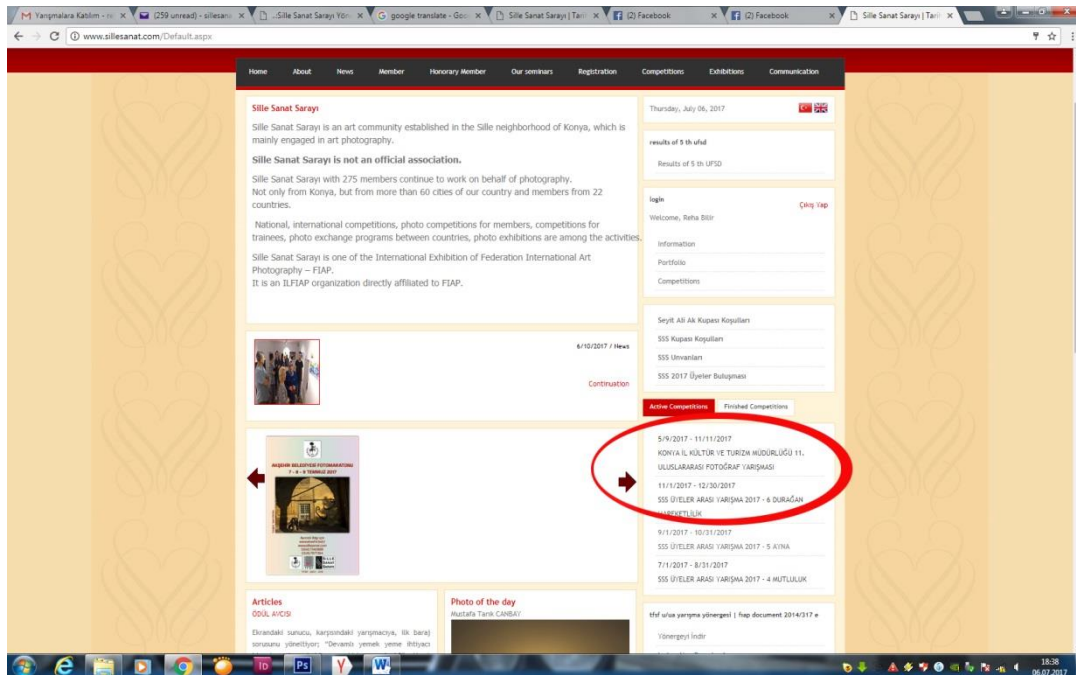

For the participants who are not member of Sillesanat Sarayı, first they must be registered to participate in the competition.

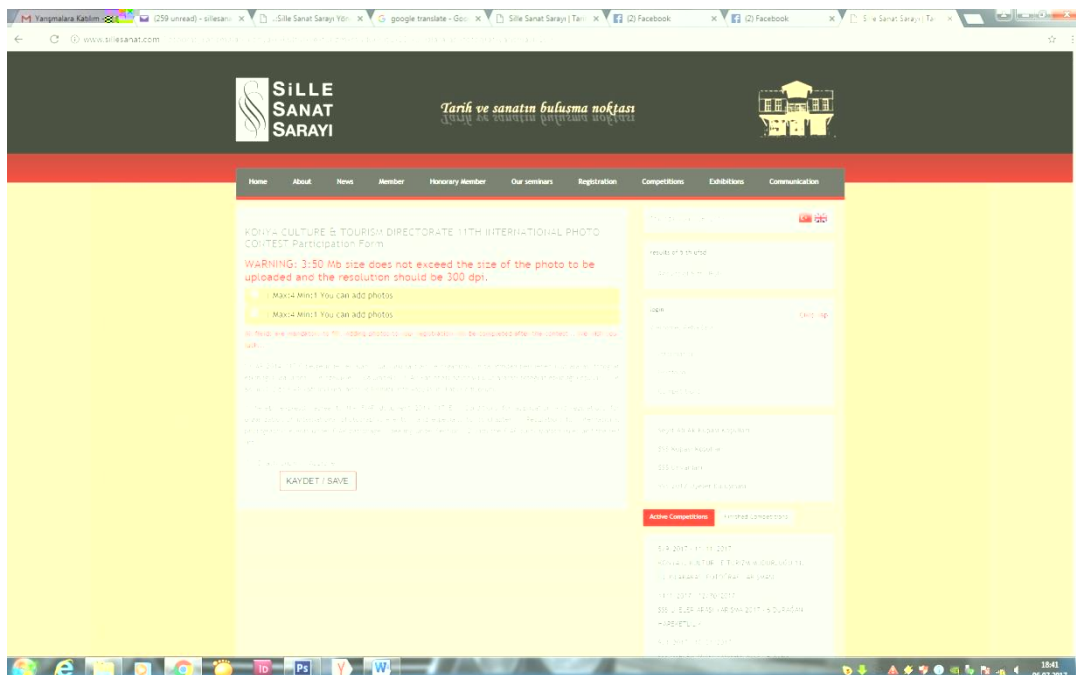

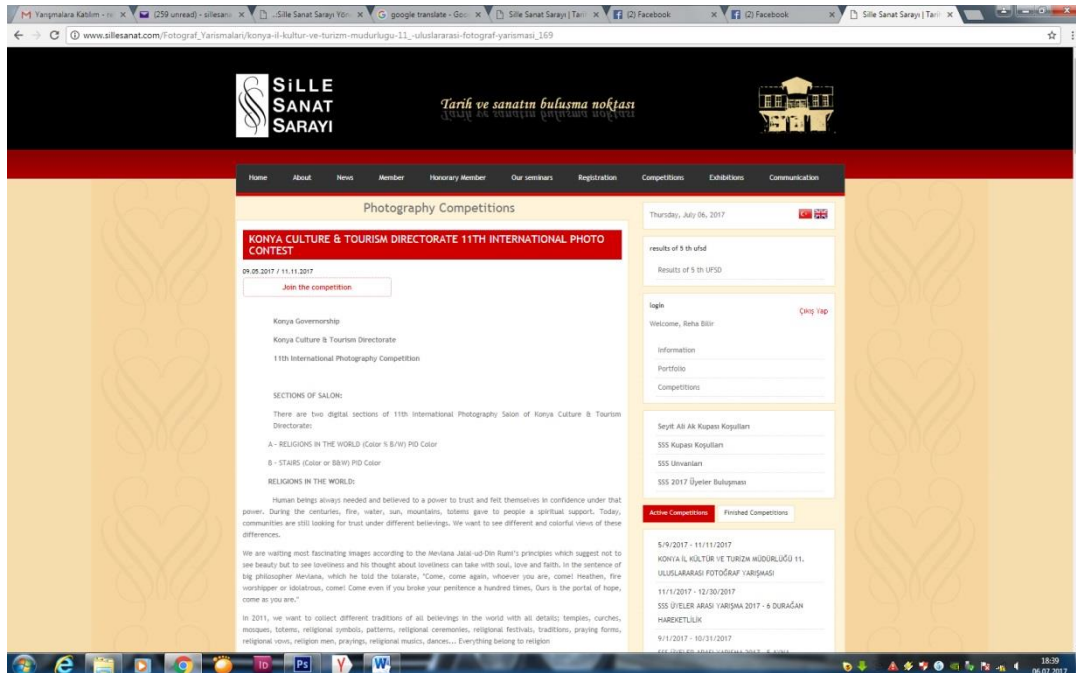

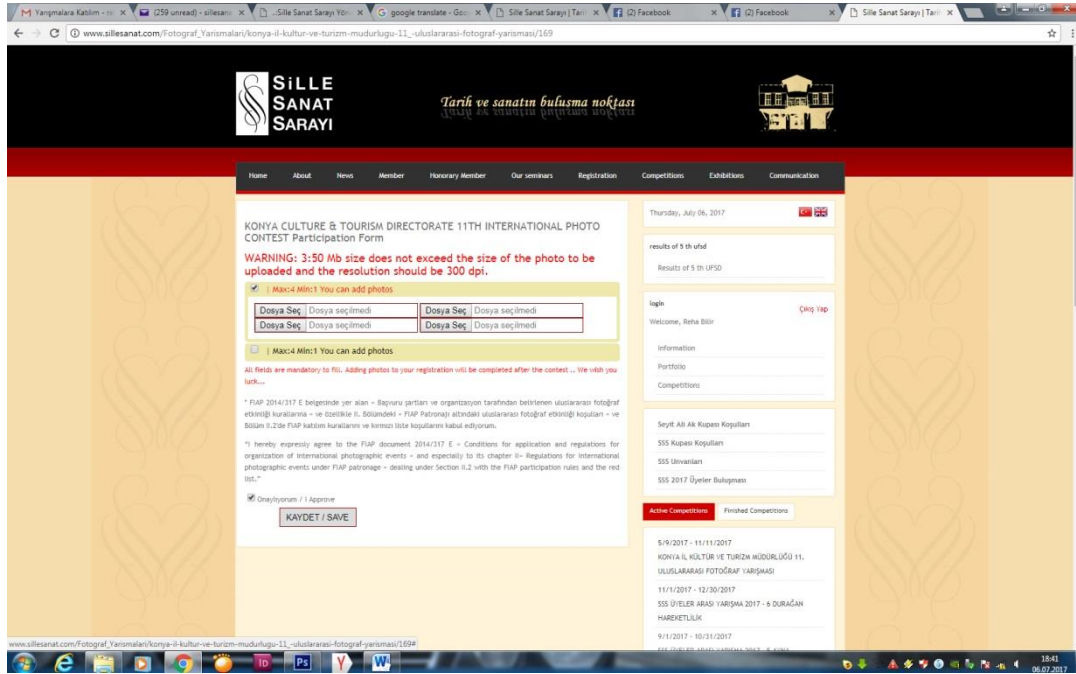

You can select the competition you want to join from the list after the membership process and login process.

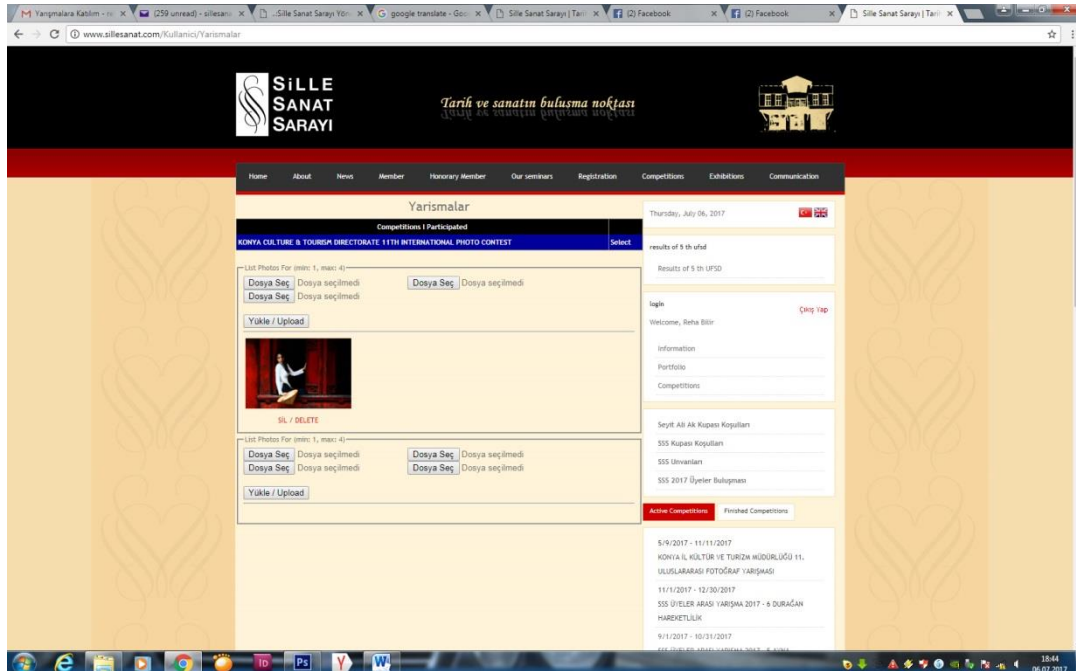

You can upload your photos by clicking the "Join Competition" button in the window that opens. The size of the images to be uploaded should not exceed 3.50 Mb and the resolution should be 300 dpi.

Then you can view and edit the photos you have uploaded to your competition at any time, by logging in to your e-mail address and by typing in the password, before the last closing date.

WE WISH YOU GOOD LUCK
